

Title of Workshop: “You Have Problems, We’ve Got Answers” A Panel Discussion With Answers to Questions and Problems in Your Residency Training Programs

Educational Objective(s) (Please list several key objectives):

- Equip coordinators with solutions to the tough problems that they face in residency training.
- Have seasoned training directors and coordinators share their history and knowledge about residency training with attendees.

Abstract (one short paragraph description of the content of the presentation):

Everyday coordinators face hard problems or questions that we just don’t know what to do with. We deal with problem residents, communication issues, technology frustrations, etc. This panel will offer attendees a chance to present problem scenarios before our meeting, and have our panelists, in real time at the conference, discuss their proposed solutions or what they would do in the situation.

Please provide a brief, proposed agenda for your workshop. Your agenda should include:

1. Query coordinator attendees approximately 2-4 weeks prior to the conference, to submit scenarios or problems.
2. Weed out and select problems to present (approximately 6-8).
3. 1-2 weeks before conference, send problems/scenarios to panelists to see. (Don’t want them to form formal answers—just want them to have it in enough time to start thinking of answers. Panel will be pretty off the cuff.)
4. Present approximately 5-6 scenarios for discussion during the presentation.

Needs: 3 Training Director/Coordinator pairs for panel. Timing: 45-60 minutes, depending on time slots available.

Please be sure to allow sufficient time in your agenda for interactive components and leave time at the end for questions. Be sure that the total time does not exceed the time allotted for the workshop.

This workshop is geared toward (please specify): **ALL Coordinators**

*New Coordinators

*Senior Coordinators

*General Psychiatry Coordinators

*Fellowship Coordinator

Has the workshop been presented at a previous AADPRT Meetings? If so, when?
