

AADPRT Committee Chair/Liaison Representative Report
Executive Council Meetings
September 17-18, 2005

Date: August 8, 2005

Committee or Liaison Group Name: Competency Committee

Chair/Representative's Name: Gene Beresin, MD

Report/Updates of Importance & Pertinence: The literature review and annotated bibliography of competency assessment tools in print and on the web was sent in to *Academic Psychiatry* and accepted with minor revisions. We are in the process of making the changes in preparation for publication. Once they are approved, we will send the manuscript to Sheldon (if Laura Roberts approves) for posting on the AADPRT Website. The big issue now is given that the Common Program Requirements requires a 360 evaluation; it would be wise for us to collect a variety of instruments used by various programs in psychiatry and post them on the webpage for use. It would be especially nice if programs could test them in different sites and provide combined outcome studies.

Action Items: None to report.
