

American Association of Directors of Psychiatric Residency Training

Summer is upon us and many changes are on the horizon. Read below for critical AADPRT dates and details and check the website frequently for additional updates.

Website

Late August, AADPRT launches its new website. It will have a cleaner branded look, improved functionality, and be more user friendly. Check the current site regularly for updates to launch date.

Membership

Due to the launch of the new site, membership registration and renewal has been delayed.

- 2014-2015 membership expires with launch of new site
- 2015-2016 membership begins at launch of site and ends June 30, 2016
- We will not accept any edits to membership profiles, transitions to new coordinators/training directors, etc. prior to the launch of the new site.
- Membership dues deadline is Oct. 31, 2015
- **ALL current individual, affiliate, and coordinator members will be REQUIRED TO CREATE A NEW PROFILE with the launch of the new site.** This will ensure a fresh start with accurate information.
- Institutions will NOT need to create a new profile.
- **We STRONGLY encourage payment of all '15-'16 dues by credit card. Until payments are processed, persons will not be able to login to the secure area of the website.** Credit card payments will likely process within 1 business day while check payments will take a **minimum** of 2 weeks from time of receipt by AADPRT. **Please help us out by using credit cards for '15-'16 dues.**
- We encourage you to add a photo and cv to your new profile.
- **Please be patient as we make this transition. We will do our best to**

make sure most of the bugs/issues are remedied before launch but know there will be some things we will miss.

Annual Meeting

In 2016, AADPRT makes a much heralded return to the "live music capital of the world", Austin, TX. See below for several key event dates.

- September 8: Abstract system opens for poster & workshop submissions
- October 1: Hotel reservation system opens
- October 23: Abstract system closes
- November 9: Abstract acceptances released
- December 1: Registration opens
