TIPS FOR USING JEOPARDY LABS

- ◉ Program can build a Jeopardy game or use one created by another program
- ◉ Residents can form teams or have one large group
- ◉ Helpful to have a faculty member present but not necessary
- ◉ Helpful to have residents look up correct answer for challenging questions
- ◉ Works great with an interactive white board
- ◉ Useful to repeat the same questions every few weeks so residents actually learn the correct answers
- ◉ You know you really wanted to be a game show host
