

**PROPOSED SHORT 5-MINUTE PRESENTATION:  
COORDINATORS SYMPOSIUM  
2015 AADPRT ANNUAL MEETING**

**Title of Five-Minute Presentation:** Coordinators Can Make PRITE Preparation Fun with Jeopardy Labs

**Educational Objective(s):**

At the end of this activity, participants will be able to:

1. Describe the benefits of using Jeopardy Labs as a tool for PRITE preparation.
2. Explain the role that a coordinator can play in facilitating PRITE review sessions using Jeopardy Labs.
3. Locate existing sets of Jeopardy questions that are readily available within Jeopardy Labs.

**Please provide a brief description of your presentation:**

Jeopardy Labs is an online tool that allows users to create their own Jeopardy boards, with the option of making them publically available. Some programs have developed Jeopardy boards as a PRITE preparation tool and have made them accessible to anyone who wishes to use them. Programs interested in using this interactive and lively format for PRITE preparation can either develop their own question sets from old PRITE examinations or use sets that have been created by other programs. Although it is ideal to have a faculty member available to explain the answers to challenging questions, a coordinator can facilitate sessions without a faculty member present. Residents can play in teams and compete for prizes or play as a single large group.

**Please provide an example of how you have utilized your presentation's central idea within your program.**

Our program used the Jeopardy format this year instead of our previous method of assigning each resident a set of questions to research and present. The residents prefer the new approach because it promotes active learning and does not depend on the degree of preparation of a few residents.

**Will you have a PowerPoint slide, or a Word or Excel document you would use to help visualize your presentation?**

I will provide a handout with the website address and screen captures to illustrate the utility of the site.

**This short presentation is geared toward (please check/specify):**

- ☐ New Coordinators
- ☐ Senior Coordinators
- ☒ General Psychiatry Coordinators
- ☐ Fellowship Coordinator
